WinRar - How to create password-protected archives?

WinRar gives you the ability to create password-protected archives. The procedure is explained below:

- Select a file
- Right-click > *Add to Archive*
- Winrar will open.
- Click on the *Advanced* tab.
- At bottom right of the window, click on *Password*.
- Define your password and save your settings.

CCM is a leading international tech website. Our content is written in collaboration with IT experts, under the direction of Jeff Pillou, founder of CCM.net. CCM reaches more than 50 million unique visitors per month and is available in 11 languages.
